Good morning everyone,

I received a notice from UPS with the following information on the recycling kit shipment to [REDACTED]

“A late flight has caused a delay. We're adjusting plans and working to deliver your package as quickly as possible. / Your shipment is scheduled to arrive today after the delivery commitment time.”

I will send any further updates from UPS as soon as I receive them.

Karen

Subject: TCRS - Recycling plant sampling kit shipments for 9/26

Hi Karen:

We will need to ship 3 recycling plant kits on Monday 9/26 for arrival on Tuesday 9/27. I will be doing a final QA check on them this afternoon, and will bring them on a cart to your office or the lab. When you get a chance, please reply to this email with a tracking number for the [redacted] bound kit so Asja and Brian will have it. As a reminder, each recycling plant kit is one box. So, there will be one box going to [redacted] and two boxes going to CDC in Georgia.

Recycling Plant Kit #85:

[redacted]
Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]

Recycling Plant Kits #86 and #87:

Elizabeth Irvin-Barnwell – Mail stop F-57
770-488-3684
C/O CDC Warehouse
3719 North Peachtree Road, Bldg. 100
Chamblee, GA 30341

Thanks for your help getting these packages shipped. I will coordinate with you early on Thursday when I return in case there are any more shipments needed later next week.

Kent
